Care in the Last Year of Life

Date	Time	Venue
Wednesday 25 March 2026	09.30-16.30	The Hospice, Waverley Lane, Farnham, Surrey GU9 8BL
Tuesday 21 July 2026	09.30-16.30	The Hospice, Waverley Lane, Farnham, Surrey GU9 8BL
Wednesday 25 November 2026	09.30-16.30	The Hospice, Waverley Lane, Farnham, Surrey GU9 8BL

Appropriate for: Health and Social Care Assistants

Max Number: 10

Facilitators: Phyllis Tuckwell Education team

Cost: N/A

Aims:

- Identify the key communication skills required to communicate needs, preferences and wishes of the patient and carer.
- Enhance awareness of individualised tailored care to meet the needs and wishes of the patient in the last year of life.

Learning Outcomes:

- Define palliative and end of life care, exploring principles and considerations.
- Analyse communication barriers and skills, emphasising patient-centered approaches.
- Explore advance care planning and symptom management strategies.
- Recognise dying processes and introduce syringe drivers for symptom control
