Online using Microsoft Teams

Date	Time
Friday 12 March 2027	13.00-15.30
Monday 10 May 2027	13.00-15.30
Wednesday 14 July 2027	13.00-15.30
Monday 4 October 2027	13.00-15.30

Appropriate for: Registered Nurses who wish to take on the extended role of Verification of Expected Death in line with CQC framework of the five 'domains': safe; effective; caring; responsive to people's needs; and well-led.

Max Number: 15

Facilitators: Phyllis Tuckwell Education team

Cost: N/A

Pre requisite:

- Be aware of the 5 Priorities of Care & 'Proactive Indicator Guidance'.
- Read organisation local policy and process for identifying people who are expected to die.
- Attended communication training to be able to manage difficult situations.
- Access to an assessor to work through competence in practice.

Aims:

- Understand the legal requirements of the role.
- Outline the scope of your practice including the criteria for excluding patients.
- Correctly demonstrate the examination techniques to verify expected death.

Learning Outcomes:

- Demonstrate how to accurately identify and document the patient in question.
- How you would meet the needs of any religious preference.
- Gain awareness of how to manage patients who have an industrial illness.
- To be able to perform 5 vital signs and understand what other devices can be removed.

Pre-work:
The update training will be delivered using Microsoft Teams. Please ensure you have a device with camera/audio and you have MS Teams downloaded onto your device prior to the session.
