Verification of Expected Death Update

Online using Microsoft Teams

Date	Time
Tuesday 3 March 2026	14.00-15.30
Tuesday 9 June 2026	14.00-15.30
Tuesday 24 November 2026	14.00-15.30

Appropriate for those who have:

- previously attended a Verification of Expected Death (VoED) training session.
- completed the formative and summative competence sign off within your organisation.
- have organisational support to undertake this procedure within your clinical practice.

Max Number: 15

Facilitators: Phyllis Tuckwell Education team

Cost: N/A

Aims:

- To update on the current recommendations and scope of practice.
- To revise awareness of when Verification of Expected Death can be carried out by a non-medical practitioner and which patients are excluded from this.

Learning Outcomes:

- Gain awareness of current local and national recommendations within the VoED process, including documentation.
- Revise the 5 steps of examination within the VoED process.
- Revise the legal requirements of the role.

Pre-work:

The training will be delivered using Microsoft Teams. Please ensure you have a device with camera/audio and you have MS Teams downloaded onto your device prior to the session.

Contact: The Education Department on 01252 729474 or education@pth.org.uk
