Thursday 6 February 2020	11.00-12.30	The Hospice, Waverley Lane, Farnham, GU9 8BL

Appropriate for: Registered Nurses

Max Number: 16

Key KSF Dimensions covered: C1, C2, C3, C5, HWB2, HWB5, HWB7

Facilitators: Phyllis Tuckwell Community Specialist Palliative Care team

Cost: £40 per person

Aims:

- Discuss the role of the safe management of subcutaneous hydration in the community and community hospital settings.
- Guidance to underpin assessment and competence for the procedure.

Learning Outcomes:

- Define hypodermoclysis and indications of use.
- Illustrate how to calculate and set up an infusion.
- Have an understanding of safe monitoring process and potential contra-indications.
- Distinguish roles, responsibilities and expectations of the health care professionals.
- Demonstrate aspects of communication, assessment and preparation.

Pre course work:

Read Hypodermoclysis (subcutaneous hydration) guidelines and competence in local organisation.

Booking process:

Please ensure payment is made prior to commencement of the course. To reserve your place complete and return the attached booking form. For information regarding all courses held at the Hospice and the Beacon Centre, please look on our website at www.pth.org.uk
