McKinley T34 Syringe Driver update training for Palliative Care

90 minute session including a quiz and discussion
Online using Microsoft Teams

Date	Time
FULL Wednesday 12 May 2021	13.30-15.00
Thursday 29 July 2021	11.00-12.30
Wednesday 15 September 2021	11.00-12.30

Appropriate for those who have already:

- attended an evidence based T34 training session within the last 3 years.
- completed the formative and summative competence and have a copy of this signed and evidenced within your organisation.
- read your organisation guidelines in the last month to be able to identify the changes when attending update.
- been setting up syringe drivers regularly within the last few months, independently.

Max Number: 10

Key KSF Dimensions covered: C1, C2, C3, HWB2, HWB5, HWB7

Facilitators: Phyllis Tuckwell Community Specialist Palliative Care team

Cost: N/A

Aims:

Have the knowledge and confidence:

- to be able to troubleshoot problems with the 2nd or 3rd edition T34.
- to support others with their learning and development in order for them to achieve confidence and competence in practice.

Learning Outcomes:

- Increase confidence in managing the syringe driver set up with dexterity.
- Awareness of the on-going MHRA and field safety notices that affect practice.
- Address the salient learnings from Gosport, exploring practical approaches when commencing and assessing concerns and decision making.
- Awareness of the differences of the 2nd and 3rd edition T34 syringe drivers.
- Demonstrate safe use of the syringe driver and have an opportunity to practise.

Pre-work:

Attendees should visit www.pth.org.uk/t34-syringe-driver/ and work through this training bundle prior to the update training.

The update training will be delivered using Microsoft Teams. Please ensure you have a device with camera/ audio and you have MS Teams downloaded onto your device prior to the session.

Booking process:

Please go to our website **www.pth.org.uk** to complete our online booking process.
